About Me

Originally a nuclear power plant operator for the US Navy, I also did some sub-sea engineering for an offshore oil drilling contractor before deciding to make the change to web developer. I love my new industry, and am looking for a place to increase my skill set.

Technical Skills

HTML5, CSS, SASS, Ember.JS, Java, Javascript, Responsive Design, AGILE, Node, NPM, Yarn, Git, Flexbox, JSON, View.JS, SQL, React.JS
